Quantum Purifiers

Used for same applications as Copper and Silver Slipstreams, but add an unsurpassed musical tone and sweetness.

Small GOLD Slipstream Quantum Purifiers are especially recommended for modifying solid-state inputs and outputs, tweeters, and low current applications.

Length: one half inch

Diameter: 1/3 inch

Leads: 1.5 inch, 18 gauge 14 K gold

Current-handling: 4.3 A

Voltage: >1000 V

Resistance: 0.025 ohm
