**CCC, 3ml Bottle**

**Description:** Cardas contact conditioner is a contact enhancer. Use in small quantities to both enhance and lubricate connections. Apply with a small brush or Q-tip to only the conductive surface. Do not apply to any non conductive components. Reapply every 30 days.

**Size:** 3 ml

**Myrtlewood Blocks Large**

**Description:** Large myrtlewood cuboids are made from America's most beautiful hardwood, the legendary Myrtle tree. Laser engraved with the Cardas logo. Can be used as equipment footers, to isolate gear, and to create more space between equipment. Myrtlewood has a very complex grain structure. The coloring of the wood is unique, varying from a sedate, satiny gray to riotously, multicolored grains of red, yellow, and brown, with many burls and shapes in its grain. Denser than Oak, unseasoned Myrtle logs will not float. Sold as a set of 6.

**Size:** 1" x 1.618" x 2.618"
