

SILVER SONIC™

ENCORE A/C POWER CABLE

The Encore from DH Labs is a shielded 14 awg A/C Power Cord that delivers our best value. This rugged 15 amp cable features three high-purity 14AWG Stranded OFHC Copper Conductors and 100% shielding for excellent noise rejection. The Encore is custom terminated with superior quality connectors, and features a very attractive charcoal-grey custom jacket. Rather than using molded-plastic connectors, it is the only cable in the industry that is hand-terminated w/ audiophile grade connectors in this price range.
