オーディオ銘機賞
Audio Excellence Award 2008

High performance Banana plug FP-200B(G) & FP-200B(R)

FTECH-71115
FTECH-71116

FP-200B(R) Rhodium plated non-magnetic Conductor

FP-200B(G) 24k Gold Plated non-magnetic Conductor

Features:

- Specially designed center pin for increased contact area and stable transmission
- Unique set screw or solder wire setting for firm reliable connection
- Material: Conductor central pin with 24k Gold Plated non-magnetic Phosphor Bronze, Housing with anti-oxidized Aluminum Alloy and 24k Gold Plated non-magnetic Eutectic Copper alloy body.
- Maximum Wire diameter : 5.0 mm
- Dimensions: Housing---φ11.0 mm X 30 mm L ; Banana Conductor---φ4.6 mm X 19.5 mm L
- Overall length : 49.50 mm

All metallic parts are treated by

**FURUTECH α (Alpha) Process (Super Cryogenic & Demagnetize Treatment .)*
